## U. S. WARBOAT GEN. DIAZ' PRISON

Action Taken Prevents Plot Against Mexican Government from Sanctuary

WILSON TO SEND NOTE IF CABINET APPROVES

Transports at Galveston May be Rushed to Vera Cruz—West in Charge

VERA CRUZ, Oct. 29.—It was learned today that Diaz is treated like a prisoner aboard the battleship Louisiana and not allowed to receive visitors without a special permit. This action was taken, it is stated, to prevent appearances that Diaz is conducting a plot against the Mexican government from an American sanctuary.

Lind is preparing to report conditions for President Wilson. From Mexico City no comment is obtainable from official sources although there are reports that Wilson's message to the powers will demand Huerta's retirement, and that the powers will probably back the demand. Men close to the administration, however, say they do not believe anything but superior force will compel Huerta to yield his power.

News today indicates that the rebel attack on Monterey continues and that 500 or 600 men have already fallen on both sides.

**COLONEL FRANK WEST WILL COMMAND TRANSPORTS**  
GALVESTON, Oct. 29.—Col. Frank West, commanding the Second Cavalry at Fort Bliss, has been ordered to take entire command, without horses, aboard the transports waiting here. It is problematic whether the transports will sail, but it is rumored that they may be rushed to Vera Cruz. The second army division will be kept here ready to move at a moment's notice.

**WILSON TO SEND NOTE TO POWERS TOMORROW**  
WASHINGTON, Oct. 29.—President Wilson will submit a note addressed to the powers to the cabinet tomorrow morning, according to information from administration authorities, and as soon as approved by the cabinet. Secretary Bryan will transmit it to the powers and publish it in America. It is understood that no hope can be offered for the restoration of peace until the constitutional government is restored and it will be added that Huerta and his lieutenants must be removed from power.

**LIND WILL MAKE ANOTHER PLEA TO MEXICAN DICTATOR**  
WASHINGTON, Oct. 29.—Lind, at the order of President Wilson is preparing another plan to deal with Huerta. It is believed that he will again suggest an armistice, permitting a legal general election. If this fails the president will decide immediately whether to use an armed force to restore order or recognize General Carranza as head of the defacto government and permit him to import arms and ammunition to aid the rebels. The objection to the latter plan is that it will probably be unsatisfactory to the powers, who demand an immediate cessation of fighting. It is understood that Lind's third feature have already been exchanged between America and other powers.

The president's plan has been entirely prepared but it was decided this morning not to submit it to the cabinet until next week. This delay will enable the president to see what course the new Mexican cabinet will take, which meets Saturday.

**FEDERAL TROOPS SEIZE TOWN OF HIDALGO, MEX.**

LAREDO, Texas, Oct. 29.—Federal troops have seized Hidalgo, Mexico, forty miles up the Rio Grande river after eight hours' fighting with rebels. Five federals and four rebels were killed.

**ARMY AND NAVY READY TO MOVE ON SHORT NOTICE**

WASHINGTON, Oct. 29.—The president's advisers have admitted that he has instructed both army and navy departments to hold the army and navy in readiness for service at the shortest notice. It is explained that the president has decided positively that Huerta must go and that the intolerable conditions in Mexico must end. Outside pressure on America for intervention is strong and foreign diplomats in Mexico City have assured the government that there is no chance for peace without intervention. The president is said to be considering this seriously now for the first time.

**CAVALRY MOVE HAS NOTHING TO DO WITH MEXICAN SITUATION**

WASHINGTON, Oct. 29.—Explaining the embarkation of the Second Cavalry from Fort Bliss, the War Department says the regiment is ordered

## Women Required To Part With Their Plumes

NEW YORK, Oct. 29.—Six women who arrived on the Imperator had to pass feathers over to the customs men on the pier.

There was no scene. The methods used by the government inspectors was to inform the women wearing hats which showed plumes of various kinds that the law was in force against their use and that they must turn them over to the government. All complied quietly. In some cases the inspectors lent the women their penknives so that the stitching holding the barred feather to the hats might be severed.

Many more than the six had their feathers challenged, but the inspectors are finding that a very large percentage of the feathers worn are imitations. It taken pretty careful judgment at times to decide whether or not the claims of feathers not being real are really true. Some of those who lost feathers shed tears, but that was all.

## Bulletins of News

Hot from the wire up to 3:30 p. m.

### THE WEATHER

Cloudy tonight and Friday; light west winds.

**S. A. V. I. Co. Bulletin**  
Run No. 8 reached ditches AA and E today; crossed the creek in Hedges ditch last night.

**May Discontinue Inquiry In the Singsby Baby Case**

SAN FRANCISCO, Oct. 29.—A discontinuance of the grand jury inquiry into the Singsby baby case may be ordered by Judge Dunne, as a result of representations by the Singsby heirs who declare that Singsby retained District Attorney Fickert and is using the grand jury for his own ends. Dunne said he would confer with grand jury members.

## STATE HOSPITAL OFFICIAL IS HELD

Secretary Wishard, Charged With Embezzlement, Had No Counsel at Arraignment

SAN BERNARDINO, Oct. 29.—Secretary F. G. Wishard of the State Hospital at Patton, who was arrested yesterday on a charge of embezzlement, was arraigned today in the justice court. He was held to appear in the superior court. He was not represented by counsel. Wishard refused to make a statement or go on the stand. It is generally believed that he will ask for parole with a promise to refund the thousand dollars he is alleged to have stolen.

## BRITISH SHIP CLAVERLY AGROUND PUNTA ARENAS

PORTLAND, Ore., Oct. 29.—The British ship Claverly, sailing from here in October for Limerick, Ireland, went aground at Punta Arenas, in the Straits of Magellan. She is a total loss, according to a cablegram received here. She was valued at \$166,000 and was laden with wheat. There are no details but it is believed the crew escaped.

to Fort Meyer, Virginia, so that the Fifteenth Cavalry there may go to Fort Bliss. It is denied that this is connected with the Mexican situation.

## ADMIRAL FLETCHER WIRE ABOUT DISPOSAL OF DIAZ

VERA CRUZ, Oct. 30.—Admiral Fletcher, commanding the American ships here, has wired the navy department that he cannot send Diaz north on the fruit steamer schooner to leave here because it touches at Tampico, where Huerta is certain to seize the fugitive. He has asked for instructions. Assistant Secretary of the Navy Roosevelt replied, ordering Fletcher to take Diaz north on the cruiser Tacoma and transfer him at sea to the north bound New York and Cuba mail packet, after the ship has made its final Mexican stop at Promerense. Diaz himself must decide whether he will stop at Havana or continue to New York.

## BRITISH SUBJECT BROOKS HEARS WILSON'S POLICY

WASHINGTON, Oct. 30.—Sidney Brooks, a British traveler and writer, arrived from Mexico today and was received by President Wilson, who outlined his policy. After the interview Brooks pronounced it clear and definite, but did not say whether he thinks it will satisfy England.

## PUBLIC UTILITY CHIEF TOPIC IS AN OLDER BOYS CONFERENCE RATES HIS COUNTY GOOD THEMES ROADS

Max Thelen at Railroad Commission Meeting Gives Fine Address The Rock Crusher at McPherson is Proving to be Valuable Asset

SPEAKER GIVES ATTENTION PARTICULARLY TO LAND PIXLEY REVIEWS COMMISSION'S WORK

Court Has Not Clearly Analyzed What Constitutes "Fair Value" Road Over Hills Between Chino and Olinda is Practically Assured

WASHINGTON, Oct. 29.—"A just and scientific basis for the establishment of public utility rates, with particular attention to land values," was the subject of an address by Max Thelen, commissioner and attorney of California's railroad commission, at the annual meeting of the National Association of Railroad Commissioners here today. Thelen cited various decisions of the supreme court to show that as yet that tribunal has not definitely established the basis on which public utility rates are to be calculated. He declared that while the court has said that the "fair value of the property is to be used as the basis, it has not clearly analyzed what constitutes a "fair value." It has not yet given final consideration to the tremendously important question of the appreciation in the value of land and the return on donated land.

Thelen proposed a reconsideration of the whole question and deduced his plan for fixing valuation from fundamental principles. "The fundamental relationship between the public and public utilities," he said, "is that of principal and agent. Out of this relationship logically should grow the proper basis for determining the rates which public utility is entitled to charge. "It seems clear that public utilities are entitled to a reasonable return on such money as they honestly and wisely expend for the public, but they should not be allowed a return on increased value of the property used in the agency. If the agent has expended money dishonestly or has expended it injudiciously, he is not entitled to a return thereon. On the other hand if he has acted wisely and honestly and if thereafter becomes possible to acquire more cheaply property which he has purchased in the agency, or to secure at a lesser expense labor or material used therein, the agent should not be compelled to suffer the loss, but should be entitled to a return on the money honestly and wisely expended by him in pursuance of the agency."

Thelen referred to a decision by U. S. Judge Van Fleet in the San Diego Water Company case, in which he reached the conclusion that a company would not be entitled to credit for reckless and unnecessary expenditure, but only for money reasonably and properly expended. "This conclusion," said Thelen, "was worked out by Judge Van Fleet logically and on principle from the fundamental relationship existing between the public and its public utilities. The use of the 'present value' or the 'reproductive value' theories does not spring in any way out of that relationship, and has no necessary connection with it. As Judge Van Fleet clearly points out, the use of either the 'present value' or the 'reproductive value' theories may be as clearly unjust to the public utilities on the one hand, as prices have gone down as to the public on the other hand, in case values have advanced. In logic and justice the public utility should receive a return on the money reasonably and properly expended in the acquisition and construction of its work actually in use to carry out its agency—no more, no less."

## CONVENTION FOR LOS ANGELES IN 1917

KANSAS CITY, Mo., Oct. 29.—The National Council of the Congregational Church has selected New Haven, Conn., for next year's convention and Los Angeles for 1917. The council adopted a resolution approving the closing of San Francisco's Barbary Coast, as follows: "We are informed of energetic actions by the officials of San Francisco in the interest of moral influence at the coming exposition and we commend the foresight of the officials and endorse their action."

## INNOVATION CHURCH WORK ANNOUNCED IN POMONA

POMONA, Oct. 29.—Marking an innovation in church work and an attempt to raise the standards of Sunday schools to those of public schools, the Evangelical Church of Pomona has announced upon teachers Bible study school to open immediately with lecturers brought from all sections of the state. There will be a four year course.

Good roads data—that was the chief product of the meeting of the Associated Chambers of Commerce held at Orange last night. The business session was held in the splendidly equipped rooms of the Orange Commercial Club after a sumptuous banquet at the Hotel Rochester.

Highway Commissioner D. C. Pixley of Orange was called upon for a talk upon progress in the good roads work, and in a clear, concise statement he set forth the situation. "Five sections of the highways are now under way," said he, "and a sixth contract will be let next week. Six miles of base have been laid by the contractors now at work, and the contractor on the Orangefield road is now putting on the top on that road. "The wisdom of this county in establishing its rock crusher at McPherson has been demonstrated. We are producing crushed rock at less than we can buy it plus the freight rates that must be paid where transfers from one railroad to another are necessary. "Last night the plant of the Pacific Rock & Gravel Co. at Azusa burned. The plant is on the P. E. We have a contract to buy crushed rock from that company at a very low figure. Our plant is on the S. P. and that company has another plant on the Santa Fe. It costs us thirty-five cents a ton for freight, which doubles if we transfer from one line to another. On account of the fire we will be short of rock on P. E. points for a time, unless we pay the extra freight for transfers. "Our plant at McPherson cost \$12,000 or \$14,000, and our saving will pay for it in six months. "We will advertise for bids for the Santa Ana canyon road within one or two weeks, and work will probably commence within thirty days. We will average building from a mile to a mile and a half of good roads per week."

**Rights-of-Way**  
Deputy District Attorney Walter Eden said that right-of-way matters are in good shape. No suits for condemnation for county highway deeds have been found necessary. He thought it would be but a short time until right-of-way matters will be settled with the Irvine Co.

County Surveyor J. L. McBride, who has had charge of getting rights-of-way for the state highway, said that some hard propositions were run up against, and condemnation suits were absolutely necessary. About 225 persons and corporations had to be dealt with in getting title to the state road between Santa Ana and the La Habra line. The contractor is ready to go to work immediately upon the road as soon as he signs the contract. The state will not wait for the outcome of the suits before starting work.

W. T. Brown of Fullerton said that up to Tuesday the contract had not been signed, but it might be almost any day.

**Chino-Olinda Road**  
W. T. Brown of Fullerton and H. A. Wassum of Tustin, as a committee, reported that negotiations for building the new road from Olinda to Chino are such that the road is assured. San Bernardino has promised to build to the county line, leaving four miles to be built in this county. Surveyor McBride and Supervisor Schumacher went over the road last Saturday, meeting the surveyor and supervisor of San Bernardino county. The Associated Chambers endorsed the road, and urged that the Board of Supervisors take the necessary steps to build the road.

A representative of Brea stated that there has solved some roads problems. He refused to rent space, taking the view that since the bonds were issued free space should be given the counties of the state. "San Francisco is trying to hold us up for that space, and we won't stand for it," said Struck. The next meeting of the Associated

## AN OLDER BOYS CONFERENCE FIRST IN COUNTY WILL BE HELD TWO DAYS IN NOVEMBER Y. M. C. A. of County to Have Splendid Gathering For Delegates to Convention

The Young Men's Christian Association of Orange county, through its Boy's Work Committee is arranging for a convention of older boys of the county to be held in Santa Ana at the First Congregational church, Saturday, November 22 and 23. It is expected that 150 delegates from all parts of Orange county will be present at this conference.

It is very fortunate that R. A. Waite, a former high school teacher, has been held off the past eight or ten years and have been instrumental in doing much good, and A. organizations are also conducting county conferences along the same lines. This is the first time that Orange county has held such a conference and it is believed that it will interest a large number of the older boys in considering moral and religious problems.

Delegates will be entertained over night in the homes of Santa Ana, and it is hoped that those who will assist in this will present their names soon to Martin Warren, chairman of the entertainment committee, post office, Santa Ana.

Further announcements of this conference and the program will be printed at a later date.

The Orange Commercial Club proved to be an exceptionally hospitable and courteous host, and from a social point of view the meeting was one of the best the Associated Chambers has held. The address of welcome for the club was aptly given by J. L. Birnbaum, a real estate dealer of Orange, and Charles Eygabroad of Anaheim replied.

## WIFE WINS OUT IN HUSBAND'S SUIT

SAN FRANCISCO, Oct. 29.—Captain Henry C. Merriam has lost his suit for divorce from Beatie G. Merriam by a decision of Judge Graham and instead Mrs. Merriam was given custody of their daughter, Charlotte, and seventy-five dollars monthly for separate maintenance. Mrs. Merriam was also cleared of the charge of misconduct with Major Clarence Murphy of New Orleans, a member of the staff of the Governor of Louisiana.

Neither principal was in court when the decision was given. Merriam is stationed at San Diego and Mrs. Merriam is in Berkeley, where she went following a nervous breakdown incidental to the trial.

## RITUAL MURDER THEORY IS UPHELD

Witnesses for Prosecution and Defense Have Different Stories to Tell

KIEV, Russia, Oct. 29.—The taking of expert medical testimony continued today in the Mendel Beilis trial. The prosecution's witnesses uniformly held the theory that Andrei Muschinsky, the boy whom Beilis was accused of killing, was a victim of ritual murder.

The defense witnesses contested, asserting that two persons were concerned, also trying to show that hairs found on the boy's clothing were from a man's beard of a different color than that of Beilis.

## GOVERNOR JOHNSON LEADS CAMPAIGN FOR PROGRESSIVES

Thirty-Two Rallies Scheduled Today—National Speakers in Massachusetts

BOSTON, Oct. 29.—With Gov. Johnson of California, leading the Progressive forces in Massachusetts, the campaign was formally opened today. The Democrats had one hundred speakers campaigning. There were thirty-two rallies on the Progressive program today. Among nationally known speakers billed for various parts of the state were Borah, Cummins, Norris, Weeks and Sterling.

Argentine Wants Some American Papers  
BUENOS AYRES, Oct. 29.—The Argentine social museum is sending 10,000 letters to American institutions and newspapers asking them to exchange publications with the object of establishing a large American library here so as to promote the interchange of ideas and greater knowledge of each country in the other.

## BACK BROKEN \$45,000 ASKED

West Coast Oil Co. is Sued by Employee Hurt Last February

MAN IS PARALYTIC RESULT OF INJURY

Local Attorneys File Suit for Big Damages for J. F. Kennedy

J. F. Kennedy today brought suit for \$45,000 damages against the West Coast Oil Co. for injuries received while he was at work upon an oil derrick near Fullerton on Feb. 2.

The complaint was filed by Attorneys L. A. West, Walter Eden and A. E. Koepsel of Santa Ana. It states that upon Feb. 2 Kennedy was employed with others in drilling an oil well for the West Coast Oil Co.

The project had reached a point where it was necessary to use cement to keep the water out of the hole. The workmen were engaged in fitting the sections of a cement pump together. In lifting one of the sections with an elevator, the chains at the top of the derrick bound. Instead of lowering the section, Kennedy was allowed to go to the platform at the top of the derrick to loosen the links with a hammer. It is alleged that by the carelessness of employees, the section swung, struck the platform and threw Kennedy against the derrick, breaking his skull and the ninth and tenth vertebrae of the backbone. As a result of the injuries it is alleged that Kennedy is a permanent paralytic, having no use of the lower half of his body.

Gross negligence on the part of the defendant is alleged. The sum of \$45,000 is asked. That is one of the largest judgments asked in any damage suit brought in this county in months.

## AFFINITIES POISON HUSBAND MAILED HIM CANDY

STOCKTON, Oct. 29.—After having been indicted by a grand jury on a charge of attempted murder, Mrs. Grover C. Hamilton broke down and made a complete confession that she and William Coulter, a married man, had mailed poisoned candy to her husband. Coulter was arrested last today on a similar charge. Both live near Lodi.

Coulter and Mrs. Hamilton are alleged by the state to have come to Stockton together, where the plot was hatched and the candy purchased. Hamilton has made every effort to save his wife from prosecution.

## HAVOC DONE BY HURRICANE

Morocco Coast Visited by Terrific Storm—Four Wrecks—Many Reported Dead

CASA BLANCA, Morocco, Oct. 29.—Many are reported dead in four ship wrecks on the Moroccan coast during a terrific hurricane last night. Enormous seas are running today. It is impossible to learn the full extent of the disasters. A dozen towns suffered and many may be dead there.

The Greek steamer Missolonghi and the German ship Martini were lost and all on board are believed to have perished. The Spanish steamer Lyria and French steamer Carabella went ashore, and are pounding to pieces on the rocks. It is impossible to reach either on account of high seas. Men are clinging to the rigging of both vessels.

## ENORMOUS SUM PAID OLD AGE WIDOW'S PENSIONS

BERLIN, Oct. 30.—The enormous sum of \$43,000,000 was paid out in old age pensions and widow's pensions last year by the government insurance department, according to the reports for 1912 published today. The income fees under the old age pension together with what the government adds thereto, amounted to \$61,000,000. Interesting is the item of \$2,500,000 paid out to "brides" for "bridal equipment" and "dowries" upon marriage. Maternity insurance also has been added. The government insurance system today possesses approximately one-one hundred and fiftieth part of the national wealth, or in round figures \$500,000,000.

# PHILOSOPHY OF SPIRITUALISM LOGICAL ADDRESS LAST NIGHT

At the third day's session of the Bible conference a manifestly increased Bible conference manifestly increased was the largest attendance of the conference, many attending from outside points, and exceeding the seating capacity of the church.

Rev. H. C. Waddell continued his addresses on prayer on the subject of "Prayer as a Practical Life Business." He said: "The second clause of Romans 12, 12, will give us the basis for our meditation. The subject as announced makes its own appeal, but the words of the text, 'Continuing instant prayer,' intensifies it. We are not simply to give prayer a prominent place in our lives, but to make it a life business. In 1st Peter 4:7, we have the words 'Be ye sober and watch unto prayer.'"

Dr. J. A. Stevenson gave the second address in the afternoon on "The Importance of the Whole Church Studying the Bible." He began his address by saying that the reason of the importance of the whole church studying the Bible was because every member of the church NEEDED to study the Bible, a statement axiomatic in its truthfulness. "All Scripture is given by inspiration of God, and is profitable for doctrine, for reproof, for correction, for instruction in righteousness; that the man of God may be perfect, thoroughly furnished unto all good works."—2d Tim. 3:16. The Bible does not need eulogy but its study must be with intent not merely to know the road, but to walk in it.

For the afternoon service Mrs. Harris rendered service in song.

The first speaker at the night service was Arthur W. Pink of Garden Grove, who gave a strong and logical address on "The Philosophy of Spiritualism," a most timely and important subject in view of the fact that millions are accepting the teaching of Spiritualists as safe to guide them, and depend upon them for the salvation of their souls. The speaker put the questions: Is spirit communication possible? Are the living able to communicate with the dead? These are not idle questions. For Spiritualists claim that spirit communication is possible and that the living are able to converse with the dead. The question arises, are these claims trustworthy? Eminent scientists have recently investigated the phenomena of Spiritualism and their testimony is that underneath all the trickery and fraud that accounts for a great deal, there is a fact, but a fact recognized by the Bible 3500 years ago, the fact of communication with "familiar spirits" and that God absolutely forbids such attempts, as is seen in Lev. 19:31. "Regard not them that have familiar spirits, neither seek after them to be DEFILED BY THEM," also Is. 8:19, "And when they shall say unto you, Seek unto them that have familiar spirits, and unto wizards that peep, and that mutter; should not a people seek after their God? It is clearly evident that the phenomena of Spiritualism is no new thing. God would not utter a command against a myth, an illusion. Why does He command against it? Because those who turn to Spiritualistic mediums, hoping to get through them counsel and instruction from the spirits are in reality turning away from God and His word.

But if spirit communication is possible, with whom is the communication made? Spiritualists claim with the spirits of departed dead. The Bible teaches that this is impossible. 2d Sam. 12:23, "But now that he is dead, wherefore should I fast? Can I bring him back again? I shall go to him, but he shall not return to me."—Job 9:19, "As the cloud is consumed and vanisheth away; so he that goeth down to the grave shall come up no more. He shall return no more to his house, neither shall his place know him any more." Spiritualists claim that the spirits of our departed friends hover over us, are around our houses. The Bible shows this can not be true. But if communication with spirits is possible and the spirits are not the spirits of the dead; who are the spirits that are communicated with? The Bible answers this question positively. The spirits of demons, or as the Authorized has it, devils, unclean spirits. All through the ministry of Jesus He was continually meeting these unclean spirits and casting them out.—1st Cor. 10:20. "But I say, that the things which the gentiles sacrifice, they sacrifice to devils, and not to God; I would not that ye should have fellowship with devils." See Acts 16:14 to 19.

An explanation of revival of spiritualism in western countries and its growth and spread, and a most significant sign of our times is found in 1st Tim. 4:1, "Now the Spirit speaketh EXPRESSLY, that in the latter times some shall depart from the faith, giving heed to SEDUCING SPIRITS, and doctrines of devils."

Dr. Torrey continued his presentation of the work of the Holy Spirit in the second address of the evening under the topic: "The Holy Spirit 'Moving Men New.'" Relating many instances that had come under his observation in his ministry of the power of the Spirit in regenerating men and women who had fallen to the depths of Sin. Laying great stress upon the words of Christ, "Ye must be BORN AGAIN." Nothing can take the place of the New Birth. We can not trust alone in morality, or culture, or reform, or the mere externals of religion. Effectual service in song was given by Miss MacLaren and Mr. Leigh Galloway.

Change in Program

A slight change in the program for tomorrow, Friday, has been rendered necessary on account of Dr. Lyon's inability to be present. There will, however, be no change in the subject to be discussed. The Rev. H. C. Waddell of Los Angeles will conduct a preliminary conference on "Christian Science as Related to Prayer" in the afternoon at 3 o'clock as preparatory to the address of the evening on "Christian Science in the Light of Christian Prayer and Personal Experience." Mr. Waddell took a course in Christian Science under Mrs. Eddy herself, preached in the Mother Church and was for sometime a lecturer in its behalf. In the afternoon conference an opportunity will be given to present your difficulties in the form of questions which he will endeavor to answer.

Prof. Howard W. Kellogg, M. A., of Occidental College will follow with an address on "Figures Expressing Relationship," and will also give the closing address in the evening on "Life in the Blood."

It is earnestly hoped that our public schools and high school students, as well as others, will avail themselves of this opportunity to hear this gifted speaker discuss these vital themes. The meeting begins at 7 o'clock and you must come early to get a good seat.

CALIFORNIA INVENTORS

The following patents were just issued to California inventors reported by D. Swift & Co., patent lawyers, Washington, D. C., who will furnish copies of any patent for ten cents apiece to our readers.

Charles Bacon, Fresno, brace for use in packing boxes and crates in railway cars; Frank W. Bacon, Los Angeles, tariff book; Charles J. Becker, Los Angeles, hydrocarbon burner; Royal L. Boulter, Los Angeles, telephone key; Harrison H. Davenport, Tropic, protector for pilot lights; Patrick F. Dundon, San Francisco, dumping grate; N. Ford, Santa Rosa, waterproof composition; Joseph Galkazi, San Francisco, octave coupler for accordions; Henry W. J. Gruettner, Vallejo, dispensing can; Harry C. Heath, San Francisco, chain casing for automobiles; Ben Hunt, Fresno, centrifugal pump; Alfred J. Keast, San Jose, exhaust box for cans.

There are no laws governing the making of clothing—

Except the laws that give satisfaction and service to every man.

Even as a good lawyer is one who knows where to find the law—so a man who wears distinctive clothes is one who knows where to find them.

Good judgment demands that you investigate our lines before you buy your fall suit or winter overcoat.

The code by which they are governed in the making is the code that guarantees that Satisfaction and Service which every man is looking for.

They await your verdict of approval.

At \$15.00 to \$30.00.

Mallory Hats, \$3.00 and \$3.50.

Stetson Hats, \$4.00 and up.

Savoy Shirts, \$1.50 and up.

**Hill, Carden & Company**  
112 West Fourth St.

# KITTY GORDON, THE FAMOUS BEAUTY, BE HERE TUESDAY NIGHT

N. A. Ulm, manager of the Grand Opera House, went to Los Angeles yesterday and made arrangements for the production of "The Enchantress" at the Grand Opera House on Tuesday evening, Nov. 4. The leading woman of this musical comedy is Kitty Gordon, the famous beauty, concerning whose attractions thousands of columns of newspaper space have been filled.

"The Enchantress" is now appearing at the Majestic in Los Angeles. Ulm, who saw the show, says that the costumes are the finest he has ever seen on the stage.

**SANTA ANA READY  
FOR OXY SECONDS**

(By Vern Smith.)

After going through one of the stiffest work outs of the season last night, Santa Ana looms up in good condition for the fracas with Occidental tomorrow afternoon. Coach Ratchell has been sending his men against the second eleven for nearly an hour every night this week to get in conditions against the crack college seconds. There is absolutely no question but that the game will be one of the hardest the local fans will see this season. News from Occidental states that the Santa Ana eleven will be slightly outweighed, but with the speed they have been demonstrating this week, ought to make this lack of weight up.

Oxy Confident

With a heavy team to buck up against every night and coaching from one of the best coaches on the coast, the Oxy seconds are showing up in the best of shape. Their captain states that it is no question but what they will hand Santa Ana the little end of the score. It is evident that Occidental has a good second squad, but I doubt very much if this will be the case.

On account of being on a school night and to give the business men a chance to see the Santa Ana eleven in action, the game will be called at 3:30 p.m. instead of 2:30 p.m. The game will be staged at the Poly Athletic Park.

"Gavvy" Cravath, the great hitter of the Philadelphia team, will be head linesman.

**BEST LAXATIVE FOR  
BOWELS—"CASCARETS"**

When Constipated, Headachy, Bilious, Breath Bad, Stomach Sour

Get a 10-cent box.

Are you keeping your bowels, liver, and stomach clean, pure and fresh with Cascarets, or merely forcing a passage every few days with Salts, Cathartic Pills, Castor Oil or Purgative Waters?

Stop having a bowel wash-day. Let Cascarets thoroughly cleanse and regulate the stomach, remove the sour and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will make you feel great by morning. They work while you sleep—never gripe, sicken or cause any inconvenience, and cost only 10 cents a box from your druggist. Millions of men and women take a Cascaret now and then and never have Headache, Biliousness, Coated Tongue, Indigestion, Sour Stomach or Constipated Bowels. Cascarets belong in every household. Children just love to take them.—Advertisement.

**ADOLPHUS BUSCH  
WILL FILE PROBATE**

ST. LOUIS, Mo., Oct. 30.—The will of the late Adolphus Busch by which his \$75,000,000 estate is bequeathed, was filed for probate late today and names the widow, Mrs. Lily Busch, his eldest son, August A. Busch, and his personal attorney, Charles Nagel, as trustees with a provision that the first vacancy among the trustees shall be filled by his son-in-law, Edward A. Faust.

His son, August, is given two of the eight shares. The remainder of the estate is divided equally among the widow and six children, the seventh child, Carl, referred to as "my invalid son," is left to the care of August A. Busch, who is instructed to expend \$12,000 a year for Carl.

Two of the daughters are discriminated against in the will, Mrs. Leob and Mrs. Scharrer, who were Mollie and Wilhelmine Busch. Their share is ordered kept in trust for them and in the event of their demise is to be divided among surviving children. Lieutenant Scharrer is never to receive anything. To strictly charitable institutions is bequeathed \$120,000. To two of his employees are left legacies of \$10,000 each.

**JAPAN LEADS NATIONS  
IN WHITE SLAVERY**

TOKIO, Oct. 30.—That Japan leads all nations in open "white slavery," is the charge of the Japan Mail, which states that there are more than 3,000,000 girls and young women in the public houses of prostitution in Japan. Thoughtful, intelligent Japanese have been considerably aroused by the campaign of Professor Hirayama of the Waseda University, against this evil. Professor recently declared that the "Geisha is ruining Japan." Little can be done, however, as long as the government gives such public houses a concession and license for immorality. It is pointed out that Japan is obtaining a world wide reputation for immorality. Bishop Cecil, in Tokio, has published protests in the Jiji Shimpo and Kokumin, received by him from his church people in Singapore and other cities in the Malay States, against the flooding of those places with immoral Japanese women. The de're is expressed that the English and Japanese governments get together and agree upon a plan by which the admission of such women in the Malay cities will be made next to impossible.

**THE COLE**, even to the naturally prejudiced owner of a car of another make, has an irresistible attraction and charm, once its quality is inquired into and its performance known. Where sentiment for another car has not prevented investigation, it will be found that the COLE alone possesses all the correct and fundamental features of construction (every part standardized) without which an automobile of this type is today practically obsolete.

### A New Experience For Every Woman

The Absolute COMFORT and FREEDOM She Enjoys in Every Pose—Wearing

## ATHENA UNDERWEAR

For Women, Misses, Children

in which every objectional feature of the usual knit garment has been entirely eliminated. Here are the features which will appeal to every woman who would know comfort, correctness, and daintiness in her knit underwear.

**THE PATENT-FITTED SEAT**—The most notable improvement ever made in underwear designing, being so shaped that it clings snugly to the figure in any posture.

**THE THREE-CORNERED GUSSET**—Relieves the strain at the thigh, giving greater comfort and longer wear.

**THE PERFECTED SHOULDER STAY**—Keeps the garment from stretching across the shoulder and holds the sleeve in place.

**THE FITTED SHOULDER AND SLEEVE**—Give the natural form to the bust and the proper tapering to the back.

**THE EXTRA ELASTIC CUFF**—Holds the sleeve in place and keeps it from slipping up on the arm.

**SHAPING AND SIZING**—Giving Athena garments the actual body lines and proportions affording sizes that will fit every figure with tailored precision.

You can buy Athena at the price you have been paying for ordinary underwear. Thirty-eight fabrics in high-neck and low-neck union suits and vests; ankle-length, knee-length, and umbrella drawers (twenty-eight distinctive shapes).

## SCHUMACHER TO CLOSE OLIVE BRIDGE

He Says it is Unsafe, and He Will Take No Chances on Damages

### ANAHEIM WORRIED OVER THE SITUATION

Mother Colony Doing All it Can to Hurry River Control Matter

Anaheim Gazette: Another move has been made in the Olive bridge controversy and one that is likely to prove exceedingly annoying to people of that vicinity. Supervisor Schumacher announced at the Board of Trade meeting Monday night that he would take action toward closing the present bridge to traffic as it had been condemned after examination and was considered unsafe. Mr. Schumacher said that a supervisor in whose district accidents occur by reason of neglect of any of the duties appertaining to his office was held personally responsible for any damage. He mentioned that one of the supervisors of Los Angeles county had a \$50,000 damage suit now pending against him, and he (Schumacher) could not afford to take such chances. The bridge, consequently, would be closed and it will probably be eight months or a year before the new one could be opened to traffic.

The Board of Supervisors would take no action toward the establishment of a river channel, he said, until easements for the land are given by the property owners along its banks. There is some uncertainty as to whom the easements are to be given to as the supervisors refuse to accept them in the name of the county; the city of Anaheim cannot accept them, and the Board of Trade has no authority to take them. It was the suggestion of the county board that the property owners along the river grant easements among themselves, but how this can be done is not clear unless they form a corporation. It is perfectly clear, however, that nothing will be done toward the establishment of an official channel until the easements are given and the supervisors relieved from possible entanglements.

J. A. Ahlborn reported that the committee soliciting funds for protection to the bridge approaches was meeting

with excellent success. Between \$400 and \$500 had already been secured and he thought the solicitors would have no difficulty in making it a thousand. The railroad companies had signified their willingness to aid in the work by the contribution of piling, and the people of Buena Park, Garden Grove, La Habra and other points had promised aid. His suggestion that a bridge day be designated and that all the people from this and the other points who can get away, clothe themselves in overalls and blouses and put in a day on the bank of the river building wing dams and breakwaters, was endorsed. The day was not fixed but it will probably occur in November. Mr. Ahlborn thinks at least 200 men and numerous teams will be on the ground and a prodigious amount of work will be accomplished. It will reduce the money cost of building the protection banks. The ladies of Anaheim will provide an ample and suitable luncheon on the grounds while the work is in progress, and hot coffee will be the only drink.

A. A. Mills suggested that the bridge committee take up the question of forming a protection district, which he thought would be the best means of settling the question. The closing of the bridge to traffic means loss to Anaheim and great inconvenience to people living beyond the river. Many people who now trade in Anaheim will be compelled to go a round-about road or give it up and trade in Orange. The Olive Milling Company will be the greatest sufferer as it makes almost daily trips to Anaheim with heavily loaded wagons. It is impossible for them to cross through the heavy sands of the river bed, consequently they will be compelled to go around by way of Yorba. The bridge may possibly be closed a year. Closing of the bridge to traffic on one of the most heavily traveled highways will undoubtedly be the means of stimulating the supervisors to speedier action in beginning work on the new concrete bridge. It was hoped that the old bridge would remain open until the new one was completed but this action will make that important road no thoroughfare during the winter months when the river is full of water. Persons living in Supervisor Struck's district on the other side who do their trading in Anaheim will no doubt get busy and speedy action in beginning work on the new structure is anticipated. The only thing delaying the matter now is the easements from property owners on the river.

**TAKING TOLL OF BABIES**  
Each season of the year takes its toll of the babies, and to watch and safeguard them from common colds and coughs is a matter of importance to their parents. To keep Foley's Honey and Tar Compound in the house and use it promptly is to save the little ones from the serious effects of these colds, to ward off croup, bronchial coughs, hoarseness, stuffy, wheezy breathing and violent coughing spells. It is absolutely free of opiates and may be given to the little ones with no fear of harmful results. Refuse substitutes. Rowley Drug Co., White Cross Drug Co.—Advertisement.

## HOUSE BURNED AT VILLA PARK

Two Ranchers Find Fire and No One at Home—Save Some Furniture

ORANGE, Oct. 30.—Last night about 6:30 o'clock fire destroyed a two-story house on the old Stanley place a half-mile east of the Villa Park church. Willard Smith and Hugh Thomson were on their way to Orange when they saw the house afire. They stopped, and succeeded in dragging out several pieces of furniture, but the unchecked flames quickly drove them away from the building.

I. A. Stanley recently sold the ranch to Ralph Sussdorff, and moved to Los Angeles. Sussdorff was living alone at the house. Yesterday evening soon after dark he went to Orange, and it was about an hour later that the fire was first seen. The house was totally destroyed.

## Decide Yourself

The Opportunity is Here. Backed by Santa Ana Testimony

Don't take our word for it. Don't depend on a stranger's statement.

Read Santa Ana endorsement.

Read the statements of Santa Ana citizens.

And decide for yourself.

Here is one case of it: P. G. Etchison, retired merchant, 826 E. St., Santa Ana, Cal., says: "For months I was troubled off and on by a dull, heavy pain in the small of my back. If I stooped I was sure to suffer worse. I thought the trouble came from disordered kidneys, and when I read about Doan's Kidney Pills, I got a box. They promptly and thoroughly cured me. After that I did considerably heavy lifting and stooping, but I didn't notice a sign of kidney trouble. I have never needed any kidney medicine since. Doan's Kidney Pills cure to stay cured. I think just as highly of them now as I did when I recommended them before."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.—Advertisement.

MRS. MOZART

Crowded with interesting historical, scenic and educational features are the "Mozart Ideals" in pictures to be presented tonight at the Grand Opera House. From beginning to end, the program is instructive and highly entertaining.

The one story in history that is known to every one, "The coming of Columbus and the discovery of America," will be a special feature on the program. The films will tell the story in a thrilling, vivid and all absorbing reality; inspiring in its indescribable grandeur; pathetic in its appeal and historically correct in detail. Every student and child in the city schools should see this picture.

Austria is one of the most interesting countries in Europe, offering some of the most beautiful scenery in the whole world. Riva, Austria, shows some charming bits of landscapes and combination of natural views, situated as it is, on the banks of Garda-See, one of the most beautiful of the lakes of upper Italy.

Glimpses of Tripoli, is a film that is rich in exquisite scenery and picturesque peoples, in all their Oriental coloring and dress. You will wonder on and on from one astonishment to another in this picture.

Twilight and the glories of sunset on a Spanish coast is fascinating in its gorgeous coloring. Other pictures of wonderful interest are "Hunting Marabout" in Abyssinia; Scenes on

a Coconut Plantation; A Realistic Storm at Sea, and still others. But of all Europe, with its Oriental charm and antiquity, yet our own beautiful Niagara Falls in winter dress will show some marvelous and magnificent scenes that are unexcelled in beauty.

### ALMOST MET FATE OF STEAMER TITANIC

LIVERPOOL, Oct. 29.—The White Star liner Teutonic, which arrived here yesterday from Montreal, had a narrow escape from meeting the same fate as the Titanic when she ran aground close to an iceberg, 172 miles east of Belle Isle off the New Foundland coast, that she was prevented from crashing into it only by reversing her engines and putting the helm hard aport. The liner passed within twelve feet of the iceberg.

The Teutonic ran into a thick fog soon after leaving the New Foundland coast and slowed down until the vessel was scarcely making any headway.

The lookouts were increased and the captain remained on the bridge all day. It was impossible to see more than a few yards ahead. On October 22, intense cold and aerograms received warned the captain of the presence of ice.

In the forenoon the officer posted at the forecastle head rushed to the captain, shouting: "Berg right ahead! We're almost touching it!"

The captain ordered the engines reversed and the helm put hard aport. The action was taken in the nick of time. The huge iceberg, a hundred feet high, passed twelve feet from the Teutonic, but the fog was so thick that even at that small distance it could scarcely be distinguished.

### "THE PERFECT MAN"

Ralph Rose, holder of Olympic and world's records for shot putting, has just died. He was called the "perfect man," from the symmetrical character of his measurements and physical development. Rose's death occurred from typhoid, so it can hardly be charged to the strain of athletics. Still it shows how fine physical development does not assure long life. People who are naturally frail often envy these robust physiques. But if they had this animal perfection, they would quite likely ignore the laws of health.

Five years after graduation, the college athlete is apt to feel that he must resort to the office, or if he can't afford it, he takes the street car. Walking might take fifteen minutes each way, which couldn't possibly be spared.

Many fine specimens of physical manhood come in among the immigrants. On the dock they are like great healthy oxen, the product of open air labor, plain eating, and restful sleep. The pale, slim professional or office man envies their round faces and big muscles.

They work long hours, often twelve to fifteen hours a day if they own farms or little gardens of their own. They eat ill-cooked and unsubstantial foods at boarding houses, restaurants, and bakeries. They smoke many cigarettes, sit up late with their companions, and drink heavily of bad beer. They had a capital of good health with which to begin, and to hold and improve it they have all the tools of civilization, but they don't know how to use them.

The best physical gift is not the raw perfection of the open air laborer, nor scientific athletic training, but an intelligent realization of the value of exercise, and determination to follow the laws of health at all costs.

### Editorial Edibles

Perhaps joy cometh in the morning, but not to the chap who has made a night of it.

One good way to prevent drought would be to have the championship baseball series played in the corn belt in midsummer.

Col. Roosevelt added to his list of modern Ananases before he had said very much about New York politicians. But nobody was shocked.

Anybody who brags that he never forgets nor forgives should wear a blanket and a feather in his hair.

The Panama Canal has withstood two earthquakes and a visit from Uncle Joe Cannon.

Even the sacred precincts of Westminster Abbey are not sacred to the militants.

If all prayers were answered the majority of men would quit work.

Honesty is a boomerang that never looks better to a man than when it comes home to roost.

Undoubtedly the immigration of officials discriminate in favor of men. Maggie Teyte was compelled to doff her trousers and wear skirts before she was permitted to land in New York.

Hobson tackled the wrong problem when he tried to blow up Underwood.

Now the United States bureau of education is planning to educate girls into efficient wives and housekeepers. How old fashioned and reactionary.

China's vice-president will have little to say, owing to vice presidential etiquette and President Yuan's snicker.

Hot tea and coffee and light lunch will be served free to all callers, on our reception day, Saturday, Nov. 1. Wright & Robinson, 418 W. Fourth St. Everybody invited.

Home-Keeping Women Need Health and Strength

The work of a home-keeping woman makes a constant call on her strength and vitality, and sickness comes through her kidneys and bladder often faster than she knows. But if she takes Foley Kidney Pills their tonic, strengthening effect will invigorate her, and pain and weakness in back, nervousness, aching joints and irregular bladder action will all disappear under the comforting influence of this good and honest medicine. Try them. Rowley Drug Co., White Cross Drug Co.—Advertisement.

## THE CITRUS FRUIT INDUSTRY

Department of Service to Citrus Fruit Growers, Conducted Especially for the Register.

Copyrighted by Reginald Brinsmead.

### RANDOM CITRUS NOTES

When seen on his return from his Eastern trip, which covered the entire country from the Pacific to the Atlantic in the interests of the Fruit Growers' Exchange, Mr. Powell expressed himself as well pleased with the prospects ahead for the marketing of California's coming citrus crop; improving financial conditions throughout the country promising a good demand for our oranges and lemons.

Florida competition, both present and future, Mr. Powell considered a most important factor in the markets of the country. Last season's shortage in California, and the improved handling and packing methods now being used in Florida, together with the large crops to be distributed—some seven million boxes of oranges and grape fruit—have not only widened the distribution of the Florida product, but at the same time a more insistent demand has been created for a product of excellent keeping qualities.

Mr. Powell had nothing to say with regard to the tariff. With regard to the enforcement of the Pure Food Law, as relating to shipments of green or immature oranges, Mr. Powell stated that in taking up this question with the authorities at Washington he had pointed out the lack of any standard test for use in the condemnation of this class of fruit, such as is the case in Florida; that the absence of any definite test, as established by law, was liable to lead to controversy between the shipper and the authorities, from the fact that any action taken under existing conditions was solely a matter of individual judgment as to the palatability of the fruit and its fitness for human consumption.

Mr. Powell further stated that the authorities at Washington, after thoroughly discussing the matter, contemplated sending a man out to California to investigate this phase of the green or immature fruit question, with the end in view of ultimately establishing such "sugar-acid" or other practical standard test, available to shipper and authorities alike; this action being quite apart from any "police" work which might be undertaken by the department.

The final location of the State Citrus Experiment Station will at once give impetus to some of the most important investigations and experiments in the history of the citrus industry. This work, under the direction of Dr. H. J. Webber, will be largely along the lines of working improvement in the quality of our citrus fruits; increasing the production of our trees and orchards, and possibly the creation of new varieties of citrus fruits especially adapted to California conditions. Working on the fundamental points of the industry will be a force of trained experts, the result of whose work will in the future prove of inestimable value to the industry.

The progress of the investigations and experiments will be watched with interest by the rank and file of the growers, although any work along these lines perhaps will take a number of years before positive results are attainable.

In the past the work of the experiment station has been of the utmost value to the industry, many problems having been solved and money both made and saved for the grower. The enlarged facilities and enlarged scope of the work in the future promises to prove of such value as to place the California citrus industry in the van not only so far as the work and methods of the growers themselves are concerned, but also in the value and usefulness of the scientific work undertaken and done by the experiment station.

The Louisiana orange crop is estimated at about 300,000 boxes this year, between 750 and 850 carloads. It has already started moving.

H. Speich has just returned from his Eastern trip, taken in connection with the interests of the Home Auction, of which he is general manager. He has reported gratifying interest on the part of the Eastern trade, which promises to be well represented in Los Angeles when the auction opens up. The first sale is expected to take place about November 15.

Runaway This Morning  
This morning a horse hitched to a Jap's spring wagon ran away on Fourth street. In front of Swanner & Anderson's the wagon struck Taylor's ice wagon. The ice wagon was not injured, but the Jap's wagon was. The horse, freed from the wreck, ran to Sycamore street, where he fell and was caught.

A GENTLE AND EFFECTIVE LAXATIVE  
A mild, gentle and effective laxative is what people demand when suffering from constipation. Thousands swear by Dr. King's New Life Pills. Hugh Tallman, of San Antonio, Tex., writes: "They are, beyond question, the best pills my wife and I have ever taken." They never cause pain. Price 25c at druggists, or by mail, H. E. Bucklen & Co., Philadelphia or St. Louis.

Trimmed hats at \$5.00, at Gilbert's. The largest stock, the biggest millinery business in Southern California at Gilbert's. There must be a reason. Come and see for yourself. Take elevator.

Wanted—Walnut meats at the Dragon.

Arrests for Speeding  
Motorcycle Officer Ballard arrested C. N. Clinch of San Diego on a charge of speeding at thirty miles an hour on Chestnut avenue. He paid \$10. A. S. Herrold paid \$5 for sending his motorcycle along on North Main twenty-five miles an hour.

Wanted—Walnut meats at the Dragon.

## JENNIE MAY EATON IS A FREE WOMAN

Jury Brought in Acquittal Verdict Early Today—Own Testimony Saved Her

PLYMOUTH, Mass., Oct. 30.—The jury acquitted Mrs. Jennie May Eaton, charged with the murder of her husband, Admiral Joseph Giles Eaton, by poisoning. The verdict was reached at 5:10 o'clock this morning, after the jury had been out since 7:45 o'clock last night. The woman hurried to her hotel, where she retired to rest after a sleepless night. Later she will go to her home in Assinippi, Mass.

Her defense was that the admiral suicided as a result of the use of liquor and drugs. It is generally believed that the woman's own testimony saved her.

HAPPY OVER VERDICT  
MOTHER, DAUGHTER'S SAKE  
PLYMOUTH, Mass., Oct. 30.—Before leaving for her home, Mrs. Eaton issued the following statement: "I am so happy over the verdict because of my mother and daughter; they both need me. My freedom means much for them."

Books and Magazines  
Bring us your old Magazines and let us bind them into a beautiful set of new books. They will be books that your children will read with pleasure and profit. The magazine of today becomes history tomorrow—a reflex and mirror of current events of past days, years and decades. Also bring us the old books you love and let us rebind them for you. Prices and work guaranteed. REGISTER PUBLISHING CO.

WOMEN WHO GET DIZZY  
Every woman who is troubled with fainting and dizzy spells, headache, ache, weakness, debility, constipation or kidney troubles should use Electric Bitters. They give relief when nothing else will, improve the health, adding strength and vigor from the first dose. Mrs. Laura Gaines, of Avoca, La., says: "Four doctors had given me up and my children and all my friends were looking for me to die, when my son insisted that I use Electric Bitters. I did so, and they have done me a world of good." Just try them. Price \$1.00 at all druggists or by mail, H. E. Bucklen & Co., Philadelphia or St. Louis.

ECZEMA AND ITCHING CURED  
The soothing, healing medication in Dr. Hobson's Eczema Ointment penetrates every tiny pore of the skin, clears it of all impurities—stops itching instantly. Dr. Hobson's Eczema Ointment is guaranteed to speedily heal eczema, rash, ringworm, tetter and other unsightly eruptions. Eczema Ointment is a doctor's prescription, not an experiment. All druggists or by mail, 50c. Pfeiffer Chemical Co., Philadelphia and St. Louis.

Wanted—Walnut meats at the Dragon.

# Doings In Social and Club Circles

## AN EBELL LUNCHEON

Miss Childs, Decorator of National Reputation, in Charge of Decorations

The fourth Household Economic Section of the Ebells enjoyed a beautiful 1 o'clock luncheon yesterday at the home of Mrs. Cood Adams on Pine street. The Adams home was lovely with chrysanthemums in the hall and living rooms and pink roses in the dining room, which was darkened and lighted with pink-shaded candles.

It is a conceded fact that in these days the decorations are an essential feature of any social affair, and the Tustin section is unusually fortunate in having among its members an artist of national reputation, Miss Minnie C. Childs. Miss Childs had charge of the table decorations, which were of pink roses, and the hand-painted place cards, also of pink roses, were her work. The color scheme of pink was carried out through the four courses as far as possible, and the menu was delightful.

During the afternoon Mrs. Byron Johnson gave a clever impromptu review of Hall Calne's recent book, "The Woman Thou Gavest Me." Besides the regular members of the club, Mrs. E. M. Nealley, the Ebells' curator, was present as a guest of honor.

## South Methodist Missionary Tea

The regular monthly meeting of the Missionary Society of the M. E. Church, South, was held yesterday afternoon at the South Sycamore street home of Mrs. T. J. Haughton. About forty ladies enjoyed the afternoon.

The usual grind of business was dispensed with and the time spent with needlework and later in the afternoon refreshments of ice cream and cake were served. The home was prettily decorated with chrysanthemums.

## Ebells Book Section Organized

A preliminary meeting was held Tuesday evening at the home of Mrs. E. M. Nealley, curator of the Ebells, for the purpose of forming a book section. Mrs. A. J. Crookshank was elected leader for the year, and Mr. A. J. Perkins secretary. Meetings will be held on the second Tuesday of each month, the first meeting to be held at the home of Mr. and Mrs.

W. B. Tedford, 1319 North Broadway, on November 11.

The work of this section will be the review of new books of interest and importance. It is open to all members of the Ebells Society and to all men who may wish to attend, in accordance with a by-law of the society which provides for the admission of men to evening study sections. Those wishing to join are asked to send in their names to the curator.

At the first meeting on November 11 Mr. E. M. Nealley will give a review of Winston Churchill's recent book, "The Inside of the Cup."

## Guild to Give Bazaar

At an enthusiastic and well-attended meeting of the Woman's Guild of the Church of the Messiah yesterday in Guild Hall, it was decided to give the Christmas bazaar and dinner on December 3. It was also decided to resume the Guild teas and the first one set for next Wednesday at Guild Hall at 2:30 p.m. Mesdames Chase, Osborn and Evans will be hostesses. The meetings will be held every two weeks.

## Junior Bible Class Social

The Junior Bible Class of the First Congregational church, with C. S. Crookshank as teacher, made merry last night at the home of C. H. Stearns on Sycamore street. Thirty-two were present and a very interesting program was a feature.

The rooms were gay with chrysanthemums and ferns and the program was opened by a vocal solo by Raymond Miles, followed by instrumental music by Alan Revell, organist at the church, and Mrs. Stearns, both of whom are masters of the piano. Charles S. Shaw furnished three readings, giving "The Deacon's Confession," "Tomorrow," and a paraphrase on the first stanza of "Barbara Freitchie."

A number of guessing games were enjoyed and a clever method was employed to obtain partners for refreshments. Cards bearing the names of states were given to the ladies and those with the capitals to the gentlemen, thus testing their knowledge of geography. It is needless to state that it necessitated some little time before the work was accomplished, but much merriment resulted.

After the delectable refreshments had been done justice to, the pastor, Rev. Fred Staff, gave a talk, mixing good advice with reasonable anecdotes. C. S. Crookshank and F. H. Eley also gave speeches.

## Elks' Dance Tonight

Tonight at Elks' Hall, Santa Ana Lodge B.P.O.E. will entertain their ladies with dancing and cards. This is the first of a series of social events which will be given by the Elks throughout the winter season.

Tonight's affair will be entirely informal, partaking of the nature of the Halloween season, and all Elks and their ladies are invited.

## Coffee

A better world will be here when sound principles rule all business. Sound business will spread as people appreciate and support it.

The slogan: unqualified satisfaction and money's worth — or moneyback.

Schilling's Best coffee in aroma-preserving cans; cleanly granulated; 40c a lb.

## MRS. EDSON COMING

Civics Club Feature Saturday Afternoon Address by Well Known Woman

The feature of the meeting of the Civics Club in the old Commercial High School Saturday afternoon will be an address by Mrs. Charles Farwell Edson, politician, campaigner, lobbyist in the causes of the woman who works and stateswoman.

Mrs. Edson has taken a leading part in the fight for woman suffrage and following this was asked by Governor Johnson to be a member of the Labor Commission, which position she now holds.

Collier's Weekly for November has a splendid story of Mrs. Edson's life, which every woman (and it might not hurt men) should read, for it tells what may be accomplished by a woman in public life while still making a home for her husband and children.

The Civics Club hopes to give Mrs. Edson a warm welcome by having the room crowded to capacity.

## So So Club Met Tuesday

Miss Lotta Cloyes was hostess on Tuesday afternoon to the So So Club at her home on Cypress avenue. The attendance was good, all the members but two being present. Small candles were being used and the room was dimly lighted.

The affair was in the nature of a Halloween meeting and after the young women had enjoyed themselves with needlework and jolly chat, they were ushered into the dining room, where a veritable witch's haven greeted them and a real witch, somberly attired in black awaited them. A huge black dome hung over the table, the electric lights underneath giving a most gruesome effect. Small candles were also shaded in black and there were other emblems of witchery. Oranges had been hollowed out and in these were fortunes for all the witch being present to interpret them. Pumpkin pie, doughnuts and coffee were served amid much merriment.

Those who enjoyed the afternoon were the Misses Montgomery, who are visiting here from Texas, their cousins, Misses Gertrude and Louise Montgomery, Misses Lotta and Louise Cloyes, Misses Lula and Blanche Minter, Esther Patterson, Myra Kirk, Elizabeth Perkins, Josephine and Blanche Tiede, Bessie Lewis, Robbie Jones, Mesdames Smith, Herbert Rankin and Hellyer.

U. P. Christian Endeavor Social The young people of the United Presbyterian church will hold a Halloween social at the home of Mr. and Mrs. Scott Torrens, 721 South Sycamore street, on Friday evening. Owing to the different church services, the social will not begin until 9 o'clock. All are cordially invited.

To Meet Mrs. Heegler Mrs. Walter Eden was hostess Wednesday afternoon at an informal gathering of ladies, who were asked to meet Mrs. Heegler, their cousin, Frederick Heegler, Mary F. Heathman, Henry Rath, B. F. Beckwith, F. P. Nickey, N. J. Warner and Misses Atkinson and Heegler.

Delicious refreshments were served in the dining room, where the shades were drawn and the glow of the electric lights softened by shades of Halloween colors which were also used profusely in the decorations of the table.

The following ladies were present: Mesdames J. W. Elliott, Chas. Remberg, Frank Remberg, Frank E. Heegler, Mary F. Heathman, Henry Rath, B. F. Beckwith, F. P. Nickey, N. J. Warner and Misses Atkinson and Heegler.

Rebekah Tea The first Rebekah tea for the season will be given by Torosa Lodge tomorrow afternoon at the home of Mrs. J. C. Davis on the corner of Walnut and Sycamore streets. All the members and their friends are cordially invited to attend for a "get acquainted" time.

"Real" Young Married People The First Methodist church has for some time had a Young Married People's class and many enjoyable meetings have been held. It is now the turn of the "real" Young Married folks, and last night they met with Mr. and Mrs. W. Burns, who, while not coming exactly under the head of the required title, are just as young in heart and spirit as any bride and groom.

About thirty-two young people were present and organized their class with Russell Coleman president; Mrs. E. L. Warner, vice president;

Get Your Money's Worth When corsets become bent in at the waist, their modish lines are destroyed; then a new one is necessary to present a stylish appearance.

Spirella Corsets do not take a permanent bend, thus insuring continual benefit of their original graceful lines and stylish shape—even after frequent laundering. The stays do not push out at the top and are guaranteed against rust or breakage.

Other valuable features demonstrated at your home by appointment, MRS. B. M. ABSHER, Corsetiere, Phone 506J, 612 Bush St.

C. P. Kryhl & Son Jewelers and State Registered Optometrists, 118 East Fourth St., Santa Ana.

In all Cases OF Eye Trouble the eyes should be thoroughly examined to decide if your case is one which calls for the use of glasses or not.

We guarantee you satisfaction.

C. P. Kryhl & Son Jewelers and State Registered Optometrists, 118 East Fourth St., Santa Ana.

For Catalina Party Miss K. A. Ritter was hostess last evening at a charming little gathering for her sister, Miss Leila B. Ritter, and the young ladies she chaperoned at Catalina this summer.

The solar scheme was yellow, chrysanthemums being the blossoms used. The favors were little yellow pumpkins and the place cards, bore tiny black cats. Dinner was served at 6 o'clock, the time afterwards being spent with games and music.

Priscilla Club Meeting Mrs. Will Howell was hostess yesterday afternoon to the Priscilla Club. The time was pleasantly spent with fancy work and social chat and

**Duofold**

Next day they say, "By Jove, DUOFOLD is ideal for business men."

Sure it is. Its two-fold fabric is wool outside for warmth—cotton inside for comfort—air-ventilated to keep it fresh and dry. Result—comfort indoors; protection outdoors; skin healthy and garments dry.

Your size and style are in stock.

**Vandermaast & Son**  
Always Reliable

Will Spear, secretary and treasurer, and E. L. Warner, teacher. The class was called the "Two in One," a very appropriate title.

After the business of the evening had been transacted, a social hour was enjoyed, Mrs. Burns serving delectable refreshments. A profusion of chrysanthemums were used to brighten the home.

Celebrated Birthday Frank Cannon was to have been surprised Tuesday evening, the occasion being his birthday, but it is noted that the secret leaked out as the honored gentleman seemed to be primed to welcome his friends. However, despite the failure of the surprise feature, a jolly time was had and later in the evening refreshments were served.

Those who were present and wished Mr. Cannon many more happy birthdays were Messrs. and Mesdames Charles Mittenell, J. R. Lash, Will Elliott, Blancher, and Miss Lou Hoff of Pasadena.

For Departing Guest Mrs. Maude Bidwell was hostess at a jolly little supper last night, the only thing occurring to mark the pleasure being the necessity to say farewell to Miss Helen Morrison, the honored guest, who has been visiting Mrs. Bidwell and who leaves Sunday to return to her home in Kansas City.

After a dainty supper, for which covers were laid for six, music was enjoyed together with conversation. Mrs. Bidwell's color scheme for decorations was pink and white, carried out with chrysanthemums. Favors were individual baskets filled with confectionery and nuts.

Met in Three Sections Instead of having all the members at one house, as is usual in meetings of the Ladies' Aid Society of the First Christian church, three places were thrown open yesterday afternoon. The hostesses were Mrs. A. J. Lucas, Mrs. E. Thomas and Mrs. Mary Vance. The ladies all used chrysanthemums and roses, with which gardens are blooming now and the time was spent with needlework and cozy chat.

Appetizing refreshments were served and a substantial offering for the building fund left by the ladies who attended. About seventy-five attended the three affairs.

In National Committee At the grand lodge of the Fraternal Aid, of the United States, held at Lawrence, Kas., Mrs. Fannie Lacy of Santa Ana was named one of the committee to revise the ritual. Mrs. Lacy expects to arrive home on Nov. 10.

Attended Los Angeles Convention The Los Angeles District meeting of the Woman's Home Missionary Union and Southern Branch of the Woman's Board of the Pacific is being held today in the Pico Heights Congregational church. Santa Ana ladies who are in attendance are going to the city on an early morning car were Mesdames Fred Staff, C. F. Crose, N. A. Beal, J. E. Paul and W. S. Decker.

Pictures Tonight Mrs. Mozart and Mrs. Burke, press agent for the Mozart Theater in Los Angeles, arrived here today preparatory to the production of the fine Mozart colored moving pictures at the Grand Opera House tonight and tomorrow night. There will be an entire change from the pictures shown last week.

For Catalina Party Miss K. A. Ritter was hostess last evening at a charming little gathering for her sister, Miss Leila B. Ritter, and the young ladies she chaperoned at Catalina this summer.

The solar scheme was yellow, chrysanthemums being the blossoms used. The favors were little yellow pumpkins and the place cards, bore tiny black cats. Dinner was served at 6 o'clock, the time afterwards being spent with games and music.

Priscilla Club Meeting Mrs. Will Howell was hostess yesterday afternoon to the Priscilla Club. The time was pleasantly spent with fancy work and social chat and

the hostess served the members with dainty refreshments. The next meeting will be with Mrs. J. L. McBride.

Marriage of Well Known Young Folks An interesting wedding took place last evening at the home of the bride's parents, Mr. and Mrs. Thomas McDonnell on East Chestnut street, when their daughter Frances became the bride of Harvey Bennett, son of Mr. and Mrs. C. F. Bennett, well known residents of Tustin, where the groom was born and lived all his life. He is now a prosperous young business man of El Toro, where he will take his bride to live, a pretty little home now awaiting her.

The home was decked with chrysanthemums, an arch being formed in one corner of the parlor, where the impressive wedding ceremony was performed by Rev. J. A. Stevenson of the First Presbyterian church. The bride was attended by her sister, Miss Jennie McDonnell, and the groom by his friend, Grover Reith, of Tustin.

The bride was becomingly gowned in cream voile, her graduating gown, she being a last year's graduate from the Santa Ana high school. She carried an arm bouquet of chrysanthemums. Her bridesmaid was attired in apricot-colored mull, also carrying chrysanthemums. Miss Florence Schultz played the wedding march.

After congratulations, the guests were served with delicious refreshments and the young couple attempted to slip away for Los Angeles, but were discovered and pelted with rice and old shoes and pursued as far as Garden Grove. They will visit Los Angeles and San Diego, before returning to El Toro. They received hosts of handsome gifts.

Trimmed hats at \$5.00, at Gilbert's. The largest stock, the biggest millinery business in Southern California at Gilbert's. There must be a reason. Come and see for yourself. Take elevator.

Saturday, Nov. 1, is Reception Day at Wright & Robinson's grocery, 418 W. Fourth St. Everybody come.

Don't forget the Bazaar on November 1st at 164 West Fourth St., given by the ladies of the Baptist church. Cafeteria lunch served from 11 to 2.

Miss Lela Traylor of Pasadena, who has been visiting at the J. P. Baumgartner home since Saturday, returned home yesterday.

Mr. and Mrs. I. D. Mills have gone East for a two months' stay. Mrs. Mills is in attendance at the world's and national W.C.T.U. conventions. They will visit points in New York, Indiana and Illinois before returning.

Miss Eleanor Saunders left yesterday for Maryville, Mo., and will stop a day in Denver and St. Joe, Mo.

Mr. and Mrs. J. Livingood of Pomona motored here yesterday on business and to visit old friends.

J. C. Gilbank, wife and family, from Vancouver, B. C., are so pleased to be in Santa Ana and vicinity that they have decided to locate here permanently. Miss Lily Larley accompanied them here.

Mrs. C. F. Crose was a morning passenger to Los Angeles, where she will spend the day.

Miss Ida Mitchell was a visitor in Los Angeles today.

Mrs. W. I. Stewart was a passenger to Los Angeles today.

F. W. Harding transacted business in Los Angeles today.

C. H. Mather of Los Angeles, who has been spending a few days with friends here, returned home today.

Mr. Phillips boarded a car for the Angel City this morning. He said he was going on both business and pleasure.

Mrs. H. Crisp and Mrs. John Taylor went to Los Angeles this morning to see Mrs. Bert Taylor, who has just returned from a delightful trip East, having visited Arkansas and other eastern states.

Mrs. Nettie Connolly went to Los Angeles this morning to welcome her mother, Mrs. Mary Connolly, who was expected to arrive from Omaha to spend the winter here.

Mrs. Frank Vegely was a passenger over the Pacific Electric this morning, going to South Pasadena to visit Mrs. C. W. Fisher, who was well known here as Miss Lela Nash.

Misses Eva Nimmer and Miss Genevieve Reed spent a pleasant day in Los Angeles.

A. J. Crookshank was among Santa Ana business men travelling to Los Angeles over the P. E. today.

Mrs. E. A. Reeves of Terra Bella, Cal., is a guest at the home of her husband's parents, Mr. and Mrs. H. H. Reeves.

Mrs. Fred Hough of Phoenix, Ariz., is visiting her niece, Mrs. James Alexander, on French street.

MASONIC NOTICE Called meeting of Santa Ana Lodge No. 241, F. and A. M., Friday, October 31, for work in the Second Degree.

By order of H. R. ANDRE, W. M. G. A. WHIDDEN, Secretary.

DANCE AT EL TORO Saturday night, Nov. 1, 1913. Everybody come and have a good time.

Dr. A. T. Vance, osteopath, offices 114 1/2 East Fourth St. Sunset 239.

—Dr. Pearl B. Magill, Osteopath, Rooms 1-2, Rowley Bldg. Pac. 956W.

Government Imperial Valley Land

Every American citizen (man or woman) has the right to file on 320 acres government land (under desert land act) which means that you do not have to live on the land to acquire title. HAVE YOU USED YOUR RIGHT? If not, I can locate you on choice land in Imperial valley, near San Diego & Arizona railroad and National Highway. Land is level and best soil in the valley.

This land will make you wealthy in a few years' time. Choice government land in the United States is fast becoming unavailable. Your opportunity will not last long. See me for full information. Address Box V-21, care "Register."

## RODE HORSE ON NEW GOOD ROADS CEMENT

Last night a horse was galloping up and down the newly laid cement base of the county good roads on Prospect avenue, Tustin. Under Sheriff Law tried to find the man guilty of the malicious mischief. There is apparently no excuse for such an act.

To Meat Consumers We wish to announce that we are again in business at our old stand, the Fourth Street Market, corner of Fourth and Broadway. We do our own killing, insuring clean, fresh meats all the time. Our delivery service is prompt and efficient. Phone your orders and they will receive careful attention. Both phones, 24. BERGMAN & OBARR.

Card of Thanks We desire to express our most heartfelt thanks to all of the many friends and neighbors who so generously gave to us their services and sympathies in the loss of our father. And also we are thankful for the many beautiful floral offerings.

E. J. MANDERSCHIED, S. H. MANDERSCHIED, KAMA M. BEAVER, CORA M. MILLER, G. W. MANDERSCHIED, A. A. MANDERSCHIED, CLARA E. MANDERSCHIED.

TO THE PUBLIC For one week, beginning with Monday, Nov. 3, our confectionery at 216 West Fourth St., will be closed for alterations. We will open again Monday, Nov. 10, better prepared than ever to serve the public with the best our line can furnish.

TAYLOR BROS. Trimmed hats at \$5.00, at Gilbert's. The largest stock, the biggest millinery business in Southern California at Gilbert's. There must be a reason. Come and see for yourself. Take elevator.

Saturday, Nov. 1, is Reception Day at Wright & Robinson's grocery, 418 W. Fourth St. Everybody come.

Don't forget the Bazaar on November 1st at 164 West Fourth St., given by the ladies of the Baptist church. Cafeteria lunch served from 11 to 2.

Miss Lela Traylor of Pasadena, who has been visiting at the J. P. Baumgartner home since Saturday, returned home yesterday.

## CHILDREN'S HAIR

Keep it Clean and Free from Disease by Using Parisian Sage

If you want your children to grow up with strong, beautiful and vigorous hair, teach them to use Parisian Sage, which can be had at any drug or toilet counter. It is one of the best, most pleasant and invigorating hair tonics on the market.

Parisian Sage cleanses the hair and scalp from dust and excessive oil. Quickly removes dandruff, stops itching scalp and falling hair. Hair that is thinning out, faded, matted or stringy almost immediately becomes fluffy, luxuriant and radiant with life. Get a large 50 cent bottle from Rowley Drug Co. They will refund your money if you are not satisfied. Parisian Sage is equally good for "grown-ups" and children. Every one needs it. Advertisement.

# ESTIMATE BY TRAFFIC MEN

Los Angeles Railroad Man Says Crop Better than Thought

Los Angeles Times: Nineteen million, two hundred thousand pounds is the estimate made of the walnut crop by traffic men of the Southland, and \$268,800 the freight revenue that will accrue to the railroads for its transportation.

According to General Agent Blair of the freight department of the Gould lines, and others who have their fingers pretty constantly on the pulse of produce-demands, the East will this year absorb all the California walnuts it can get.

"Walnuts are already beginning to move eastward in large quantities," said Blair yesterday, "and many representatives of eastern concerns are still here eager to close contracts for the nuts."

Hot winds and other untoward weather conditions caused early-season estimates of the walnut crop to range from 600 to 700 cars. The harvesting, however, belies the pessimists, and the traffic men now say that contracts for transportation already made assure a crop that will run somewhat over 800 cars.

# TAKES OFF DANDRUFF HAIR STOPS FALLING

Girls! Try this! Makes Your Hair Thick, Glossy, Fluffy, Beautiful

Within ten minutes after an application of Danderine you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—just as you surely can have beautiful hair and lots of it if you will just try a little Danderine.—Advertisement.

# CARELESS BOY RUN DOWN BY AUTOMOBILE

Anaheim Gazette: A 6-year-old school boy named Barkenstein was run over by an auto in the street near the Central school last Thursday. The machine was driven by Peter Berg. The boy was to blame as he ran in front of the auto which was going at a moderate rate of speed, and the driver could not stop in time to prevent the accident. Fortunately the wheels did not touch him. Mr. Berg put him in the auto and hurried to the hospital with him, where it was found that he had sustained a few minor cuts and bruises and considerable damage to his clothing.

# THE LATEST FASHION NOTE

Says: "It is a wise precaution against getting holes in delicate hosiery to powder the shoes before putting them on." Many people sprinkle the famous antiseptic powder, Allen's Foot-Ease, into the shoes, and find that it saves its cost ten times over in keeping holes from hosiery as well as lessening friction and consequent smarting in the shoes of the foot.

# A Potpourri of News and Views

From the Los Angeles Financial Review

## Price Current Opinion

The Cincinnati Price Current in reviewing crop conditions of the week says: "The corn report of the Government held to the September condition level and the progressive monthly per acre yield added some to the forecast. The preliminary report next month doubtless will show a harvest of 2,500,000,000 bushels. There is some conjecture and occasional positive declaration as to the adjustment of acreage on the December or final report. A careful study of the provision returns of the Government on corn yields does not give assurance of important reductions of the acreage. The monthly conditions have all embraced the heavy destruction of acreage and should there be any cutting back of the area harvested it would be compensated by an increase in the yield per acre. A curious feature of the short crops of the last decade has been the fact that whatever adjustment was made on the final report was in pursuance of revision on census data. The crop of 1901 promised 1,375,000 bushels on the acreage seeded. The final report was held up to February 1902, when, on the basis of the acreage of 1899 as ascertained by the Census, the acreage was increased nearly 7,000,000 and the crop given at 1,522,000,000 bushels. The acreage was less than the census and might be accepted as a compensation for the drought damage if it were not for the fact that the worst hit states in yield were given the best of the revision.

## Oil Industry California

Commissioned by the State Bureau of Mines to prepare a report on the petroleum industry of California R. P. Johnson of Stanford University assisted by seven other geologists, viz., Ralph Arnold, W. W. Orcutt, chief geologist of the Union Oil Company; F. M. Anderson, chief geologist of the Universal Oil Company; H. R. Johnson, Robert Anderson, W. A. Williams, of the General Petroleum Company, W. L. Walker of the Associated Oil Company; F. M. Anderson, chief geologist of the Southern Pacific Company. The report will be one of the most comprehensive yet undertaken by geologists in this State. Full information is to be included as to the location of every known occurrence of oil in California. Work will commence at once.

## Pacific Coast Company Earnings

Gross earnings of the Pacific Coast Company and subsidiaries, for the year ended June 30, 1913, and just made public, were \$7,945,931.10; operating expenses were \$6,628,299.36; taxes, \$135,520.29; income from operations, \$1,182,111.45. As compared with last year, the gross earnings increased \$449,919.11; operating expenses increased \$353,418.49; net earnings increased \$85,500.71.

The net earnings of the Pacific Coast Steamship Company increased \$41,245.09. The steamship company expended during the year for repairs on the fleet and operating expenses, \$428,830.96, as against \$351,147.73 last year.

## Market Gardening Pays

That market gardening is immensely profitable is shown by figures from railway statisticians. From Southern California this fall there will be shipped from market gardens, vegetables valued at \$1,228,000, which will fill 3,050 cars, or more than 150 train loads. This is an increase over last year of more than 20 per cent. In carloads the shipments are estimated thus:

Celery	1,510
Cauliflower	625
Lettuce	300
Tomatoes	100
Mixed vegetables	525
Total	3,060

## Our Investments in Canada

Preliminary information and statistics show that the amount of United States capital invested in Canada is now at least \$58,000,000, as compared with \$279,000,000 in 1909 and 417,000,000 in 1911. Over \$150,000,000 is in the shape of branch factories and warehouses of the United States manufacturers, while nearly \$124,000,000 has been invested by the United States in Canadian Government, municipal and industrial bonds since 1905.

United States life and fire insurance companies have \$67,000,000 invested in the Dominion, while over \$130,000,000 is invested in British Columbia mills, timber and mines. Investments in the prairie provinces are in lands, mines, packing plants, factories and warehouses.

## Sugar Beet Crop

Sugar beet yield from the acreage in Southern California this year is estimated at 705,000 tons, or 2,115,000 one hundred-pound bags, valued at \$4,620,000. The sugar crop of the State is estimated at \$7,000,000.

## Chilean Wheat Exports

The exports of wheat from Chile during the past five years were as follows: 4,939,068 bushels during 1908; 4,092,392 bushels for 1909; 2,225,115 bushels for 1910; 507,537 bushels for 1911; and 2,405,170 bushels for 1912, with good prospects for 1913.

## May Take L. A. Bonds

It is said that the Pacific Electric Railway may accept harbor bonds to the amount of \$247,000 in lieu of cash in payment for the construction of the San Pedro Railway line. The matter is being considered.

## Oil Company Incorporates

The Zeilach Oil Company, of Chatsworth, Cal., has been incorporated with a capital of \$75,000, of which \$5 has been subscribed. The directors are J. P. Allard, H. L. Allard, L. V. J. Kimball, O. L. Allard and J. Dennison.

## Apples Rot On Ground.

In the vicinity of Mankato, Minn., thousands of bushels of apples are rotting on the ground because of a lack of market. The trees laden with fruit are breaking under the great load.

## It Is Here at Last

The tylenchus devastatrix, whose common name is the onion weevil, has invaded the United States and the onion industry is therefore jeopardized.

## More Revenue for Fruit Growers

Citrus fruit growers will be able to add revenue exceeding one and one-quarter million dollars to their crop in California if a reduction in the freight rate on citrus transportation in brine to eastern common points is made by the Transcontinental Freight Association. Announcement is made by the latter body that it will soon take up the question. Fruit men ask a reduction from the present rate which is from 65 to 85 cents per hundred. Shipments "in brine" means the utilization of orange and lemon culls and malformed fruit for the making of various products, such as candied lemons and oranges, citric acid, and the like. The largest plants in the country for the production of citrate of lime and citric acid are in Chicago where there are also two plants engaged in making candied oranges and lemons on a large scale. According to computations of the Department of Agriculture, this country yearly imports \$2,000,000 worth of citrus by-products, mostly from Italy, the importations of oranges and lemons in brine alone averaging around \$1,250,000 in value yearly.

## Civil Engineers Organize

Civil engineers in Los Angeles have decided to form a local chapter of the American Society of Civil Engineers. To that end a temporary organization has been formed with J. B. Lippincott, assistant chief engineer of the Aqueduct as chairman and W. C. Sawyer secretary. The membership follows: R. J. Arey, Edgar T. Wheeler, Clarence W. Cook, G. A. Wetherbee, H. W. Gray, L. R. Smith, G. R. Brown, H. E. Warrington, William F. Bixby, H. G. Smith, Edward T. Flaherty, J. A. Griffin, D. L. Reaburn, A. C. Hansen, J. B. Lippincott, George S. Binkley, W. C. Sawyer, F. E. Trask, J. R. Comby, Walter D. Smith, Dudley F. Black, L. F. Magor, M. G. Persons, H. J. Sharp, Nelson Taylor, Loyall F. Watson, M. K. Barnard, Walter F. Lindeberger, H. Z. Osborne, Jr., Fulton Lane, W. D. Larrabee, Frank H. Olmstead, S. A. Jubb, Charles Kirby Fox, William W. Hurlbut, Ralph J. Reed, C. K. Allen, Burdett Moody and James C. Hein.

## California Crop Report

Condition of California crops on the 1st inst., as reported by the Department of Agriculture was as follows, comparisons being made with the same date in 1911 and 1912:

	1913	1912	1911
Apricots	61	80	75
Almonds	53	82	65
Prunes	63	88	80
Olives	73	74	90
Walnuts	75	86	86
Grapes, wine	76	87	85
Raisins	75	89	87
Table	82	87	88
Oranges	76	87	93
Lemons	65	89	94

The conditions of other crops of California was as follows: Corn, 80; oats, yield 31.6 bushels; barley, yield 26 bushels; rice, 95; clover seed, 95; alfalfa seed, yield 5.4 bushels; kaffir corn, 87; apples, 55; pears, 79; grapes, 79; tomatoes, 84; potatoes, 77; sweet potatoes, 86; cabbages, 85; onions, 86; beans, 89; sugar beets, 84; hops, 97; cow peas, 94.

## Leasing Oil Lands

The Government's first lease sale of Oklahoma Osage oil lands to small investors resulted in an average bonus of \$48 an acre, besides the stipulated royalty of one-sixth of the oil produced under lease. Only \$3 an acre bonus has been received for these lands heretofore. The parcel disposed of amounted to 10,542 acres, leased in 40 to 160-acre tracts, which brought \$503,315.

## Appeal from State Board

Seven railway companies doing business in Nebraska have filed with the Railway Commission of the State a notice of an appeal to the Supreme Court of Nebraska on the recent decision of the Commission to reduce freight rates on apples, peaches and pears in carload lots. The roads announced that the new rates, effective the 23rd inst., would be put in operation, however, pending the action of the higher court.

## Mexican Exchange High

Mexican Exchange on New York has touched the high point, the price being extraordinary, due to the statement that the Washington Administration would not consider as constitutional the election called by President Huerta for the 26th inst. A draft for \$100 in U. S. currency costs the Mexican banker \$276 in Mexican money.

## Given an Extension

The request of the express companies to the Interstate Commerce Commission for an extension of time on the new express rates, which were to become effective on the 15th inst., until December 1 has been granted. A request that the new scale be revised was refused.

## Beans to Supplant Sugar

In Ventura County farmers have been planting 12,000 to 15,000 acres to sugar beets. In view of the reduction of 50 cents per ton, announced by the American Beet Sugar Company, a large part of this acreage will be planted to lima beans next year.

## Morgan Estate in England

The will of the late J. Pierpont Morgan has been probated in London. His estate in the British Isles amounted to \$5,899,155. The Government will receive about \$950,000 in death duties.

## War Upon the Trusts

When the December session of Congress convenes it is stated that the administration will center its attention on a war against the so-called trusts.

## Wheat Touches Low Point

Wheat in Chicago on Wednesday touched the low record for the season when the cereal sold at 84 1/4 cents.

## Roman Numerals Barred

Secretary of the Treasury McAdoo has issued an order that the Roman numerals be dispensed with and the generally understood Arabic be used. Plain Arabic "1913" will be inscribed on public buildings completed this year, instead of the MCXIII.

LOS ANGELES PRODUCE MARKET

Local cabbage is coming on the market

and shipments have been decreasing

from the north. The importing

dealers state that they have purchased

their last car from the Sacramento

Valley this year and there will be no

more cabbage in from Oregon. The

sweet corn has been at a stand-

still for some time and is worth from

50 to 75 cents a lug. There have been

a few shipments of asparagus, but

they are far between and the price on

this vegetable is still so high that it

is meant only for the palate of the

millionaire. Beans have been more

plentiful for a few days and are sell-

ing from 5 to 7 cents, according to

quality. Potatoes are generally good.

Bunch goods are all standing at the

figures of a week ago and are plenti-

ful in all varieties.

A good call for eggs was apparent,

but there were none to sell. Receipts

were only 88 cases and the market in

San Francisco was higher than the

day previous. Butter also showed

strength in the north and sales at 32

were reported, making the local mar-

ket very firm.

## A Big Success

Was the Third Yucaipa Apple Show.

San Bernardino County is now on the

apple map. The magnificent display

of fruit from the Oakleigh Or-

chards and especially from the three

year old trees at Yucaipa, was an eye-

opener to hundreds of delighted visi-

tors. But even more surprising to

the visitors was the sight of four hun-

dred 10-acre ranches, set to one, two

and three year trees, making a splen-

did growth under scientific methods

employed in the valley. And to see

the big wagons hauling two hundred

cords of packed fruit, of the highest

quality, to the railroad station to be

shipped to Los Angeles for the spring

trade, was an object lesson worth

thousands of dollars.

But above all in importance was to

see the great irrigating system, 72

miles of underground mains, four

million gallon storage reservoir and

six big electric pumping plants, and

the finest tract of land in Southern

California.

We go up to the valley every week.

Go with us on a one day trip.

Phone 970W; Home 3744.

## AT THE COURTHOUSE

# PUT IN ANSWER BY SATURDAY NOON

Drys Win Preliminary in the  
Superior Court—Hank  
Smith Estate

This afternoon Judge Thomas over-ruled the demurrer of the defendants in the first of the Anaheim registration cases, and gave Attorneys Head and Dutton until 11:30 o'clock of Saturday of this week in which to file an answer. The chances are that Judge Thomas will then set the case for trial on Monday morning.

It now appears that the first of the three cases, at least, will be finished

before election day, Nov. 6. The other cases may be heard, but it looks as though the time is too short.

These actions, brought by the anti-saloon forces, attacked the registration of 156 persons, of whom a large majority are wets. This morning Judge Thomas ruled with Attorneys Keech and Eden to hear the demurrer at once.

**Default Entered**

The default of the defendant in the divorce suit of Claire M. Baker of Anaheim against Ivan C. Baker, a Los Angeles attorney, has been entered. The original action was for annulment on the ground of deceit upon the woman in order to get her consent to marriage. Later the action was changed to divorce.

**Case Is on Trial**

Juan Nava and Bentura Canales are on trial before a jury in Judge West's court today on a charge of assault with a deadly weapon upon R. L. Draper, a best grower. Deputy Koepel is prosecuting and Attorney Trujillo of San Bernardino is defending. Draper had trouble with the men when they demanded payment not in keeping with his contract with them.

**Suicide's Estate**

Public Administrator Winbiger with M. A. Cain as attorney, has petitioned for letters of administration on the estate of Hank Smith, the San Diego miner who committed suicide at 503 Bush street Monday night. The estate consists of \$90 cash and \$1186 deposited in a San Diego bank.

**Answer Filed**

Denying that it was in any way responsible for the accident concerned, the Huntington Beach Co. has filed an answer to the damage suit brought by Chester F. Sowles. Sowles was digging a cellar and was hurt in a cave-in.

**Marriage Licenses**

Harvey F. Bennett, 22, of Tustin, and Frances L. McDonnell, 18, of Santa Ana; Thomas O. Williams, 37, of Newport Beach, and Mary A. Beale, 37, of Santa Ana.

## BREAKS A COLD IN A FEW HOURS—PAPE'S

First Dose of Pape's Cold Compound Relieves All Grippe Misery

Don't stay stuffed up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken will end gripe, misery and break up a severe cold either in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages; stops nasty discharge or nose running; relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only 25 cents at drug stores. It acts without assistance, tastes nice, and causes no inconvenience. Don't accept a substitute.—Advertisement.

—Come bring your friends to the Cafeteria Lunch from 11 to 2 at 104 West Fourth, Nov. 1st. Sale of fancy work and cooked food.

Santa Ana Painless Dentists, 102½ East Fourth St. Main 253.

—Dr. Claycomb cures chronic.

Wanted—Walnut meats at the Dragon.

## CAR OF NUTS WORTH \$6537

Richland Walnut Association  
Sends Out Record  
Shipment

(By Staff Correspondent.)

ORANGE, Oct. 30.—The Richland Walnut Association Tuesday sent out the largest carload of walnuts that has ever been shipped through the local association. The load consisted of 465 bumper sacks of walnuts which at the standard scale of prices adhered to by the association will bring returns to the extent of \$6537.50.

Following the funeral of their son, William F. Shaw, yesterday, Mr. and Mrs. Robert M. Shaw, with their son, Robert, went to Rivera to remain until Sunday with Mrs. Shaw's brother.

The Manzanita Camp, Royal Neighbors of America, entertained the Royal Neighbors of Anaheim and Santa Ana yesterday at an all-day meeting. Over thirty visitors were present from the two towns.

The meeting opened at 10 o'clock a.m. with a musical program which occupied the time until noon. A most delicious dinner was interposed at this point, the feast being a credit to the local lodge in every respect. The tables were decorated with yellow chrysanthemums and Halloween napkins with apples as place cards. The various dishes were prepared with taste and were heartily appreciated. Partners were secured for dinner by matching postcards. Over seventy were seated.

The ensuing afternoon was actively and pleasantly taken up with games and social pastimes. In one contest, the answers were the names of musical selections which were played on one piano. A bird romance was one game, the guests being required to fill in blanks. Much pleasure was derived from a fortune telling act and a small play acted by the local lodge. Prizes were awarded for the contest winners.

The affair broke up at 4 o'clock the members departing with pleasant recollections of the day.

Mrs. Logan Jackson entertained at an informal dinner party yesterday at her pretty home on East Palmyra avenue.

Those present were: Mrs. Ed Fullerton, Mrs. Arthur Fullerton, Miss Sadie Sutton, Mrs. T. H. Eljah, Mrs. George Hart and Mrs. Logan Jackson.

Rev. J. H. Theiss, first vice president of the California-Nevada district of the German Lutheran church, is

## TO STRAIGHTEN ROAD AT THE BLUFF

Deed for the New Right-of-Way Secured by Title Company

Today the Orange County Title Co. turned over to the county clerk a deed for a right-of-way that will make a decided change in the road leading from the Newport mesa to the bridge across the Santa Ana river at Newport Beach.

At present the road goes by a circuitous way over the top of and around the edge of the hill. When the good roads to Newport Beach are built, the new road will follow the railroad, making almost a straight line from where it leaves the present road to the bridge. There will be but a slight grade.

The La Habra Land & Water Co. has deeded the strip for the new road. S. Townsend of that company stated that the old road would be left where it is to accommodate a subdivision to be put on the market later.

A deed has also been filed for a strip along Bradford avenue, Placentia. The deed is from Samuel Kraemer.

## RECEPTION

YOU are most cordially invited to visit our store on Saturday, November 1st, as we desire to make that reception day to our patrons and others. Hot tea and coffee with light lunch will be served free by an expert in that line, and Legee & Haskins teas and coffees will be sold at a liberal discount for that day only. No one will be importuned to buy and all will be made welcome.

Respectfully,  
WRIGHT & ROBISON  
418 West Fourth St. Santa Ana, Cal.

NOTE:—Everybody registering in our visitors book will be entitled to participate in our gifts which will be drawn by lot at the close of business.

## FAMINE IN RICE FOR NORTHERN JAPAN

People Will Suffer Unless Relief Measures Are Taken Promptly

TOKIO, Oct. 30.—While the rice crop this year is generally above the average, misfortune threatens the people of the Aomori prefecture in northern Japan where the middle and late rice crops are practically failures. Only the early rice was gathered and this had to be reserved for seedling purposes next year.

The supply of food rice, therefore, is insignificant and the people are living on imported rice, which will not last long. Later they will have to subsist on potatoes mixed with unripened rice. It is likely that there will be a famine in the prefecture unless suitable relief measures are taken promptly.

## IN THE SHADOW

Impressive funeral services were held yesterday afternoon at Mills & Winbiger's chapel for William F. Shaw, who was the victim of an accident in Santiago Canyon last Sunday evening which cost him his life. The chapel was filled with sorrowing relatives and friends who mourned the untimely snuffing out of a promising young life.

Two beautiful hymns, "Somebody Cares," and "My Beautiful Home," were sweetly sung by Mrs. Robert Crockett and Mrs. Mary Whipple of the Nazarene church, this city.

Rev. Otto Russell of this city and Rev. Moore of El Modena officiated at the services, speaking touchingly of the young man who had gone out in the prime of life.

A striking feature of the funeral was the profusion of flowers which covered and surrounded the bier.

The pallbearers were friends of the young man and were Carl Johnson, the boy who was with the decedent when the tragedy occurred, Mark Virgin, Art Thomas, Carol Patterson, Chauncey Squires and Frank Arambut.

—Night school now in session at Orange County Business College.

## We Want Every Woman in Santa Ana to See Our Coats and Suits

### Coats and Suits

Maximum Quality and Style at a Minimum Price.

Coats for street, motoring and semi-dress occasions, made of fine fabrics and with linings and every detail of fine workmanship—all the most critical could ask. Materials include zibelines, boucles, fancy mixtures and others of equal prominence. Every attribute essential to best service and attractiveness and style distinction are embodied in our collection of modish outerwear.

\$10 to \$55

### On Sale Today, 100 All-Wool Skirts, \$2.98 each

All sizes of best mannish serge. These skirts will go fast at this price. So you had better hurry and get yours today. See them in our show windows.

### Trimmed Hats \$5 each

Copies of high class imported models. You do not have to pay fancy prices here. You pay just about half Los Angeles prices at Gilbert's. Our immense hat business this season is by far the largest in our history. Come to Gilbert's if you are hard to please and ask for our Miss Kalde. She can please you. Take elevator to Millinery department.

### Sweaters, \$1.50 up

The new sweaters are here. Ladies', misses' and children's. We have them from \$1.50 up to \$7.50. We can suit all tastes and pocket-books. A small line of infants' sweaters with touches to match.

### Special, 50c box

Ladies pure linen beautifully embroidered handkerchiefs, three in a box for 50c. This is a grand value. The best we have ever shown. We have 8000 boxes to sell at this price—50c a box.

## Fall Underwear 25c up

We are very proud of our knit underwear, lines that we have carried in stock since coming to Santa Ana. Many customers insist on Gilbert's underwear. It is at a reasonable price and it is knit to fit and wear. It washes and still retains its shape. We carry ten different weights and styles and can please the most particular women. Come to Gilbert's for your fall underwear. 25c to \$3.00 per suit.

### CHILDREN'S HATS

For school or dress. Almost any style or color  
\$1, \$1.50, \$1.75 up to \$3.50

### FLANNELETTE GOWNS

Nice and warm for these cool nights. Made of the best fleecy flannel, white and colors. We also carry the out sizes for extra large women; also infants' and children's sleeping garments. You will find the very best at Gilbert's.

50c to \$1.50 per garment

## Fall Dress Goods

Our silks and dress goods stock, showing many new novelties this season. If you are hard to please, come to Gilbert's.

50c to \$6 the yard

### Dress Trimmings

A new stock with us this season. You can find the new fur and marabout trimmings here and all of the best at most reasonable prices.

### Winter Fashion Books

Pictorial Review  
Just received. Come for yours.

**Gilbert's** INC.  
110 W. FOURTH ST.  
SANTA ANA, CALIF.

### Fownes Kid Gloves

We have them.  
The best in the world.

The Walnut season is about over and it will soon be time to trim up the trees. We have a full line of

## Tree Pruners

For either one hand or two hands, and we also have the 6 ft., 8 ft., 10 ft., 12 ft. pruners. We have ordered a lot of the circular blades and expect them in most any day.
